

A. S. Potter Musical Instruments

Servicing, Setup and Upgrades Pricelist 2014

Setup and Basic Service –

A good setup can transform a guitar. Our basic service includes a truss-rod alignment to make sure the neck is perfectly straight, adjustments to the playing action (string height), a coating of lemon oil to protect the fretboard, a good clean and a new set of strings.

£45 + Strings (various available)

Fretboard Service –

For older instruments that have had a lot of playing hours a little care and attention to the fretboard can make a huge difference. Our fretboard service includes having the frets re-levelled, crowned and polished, and the fret-ends trimmed and smoothed. A setup and basic service is included as above.

£75 + Strings (various available)

Full Re-Fret –

For when the original frets are just too worn to be re-levelled and re-crowned a complete re-fret is sometimes necessary. Installed with all the care and attention to detail that is taken with our new-builds, a setup and basic service is included as above. A wide choice of fretwire is available including hypo-allergenic nickel free.

**£150 (+£25 for bound fretboards)
+ Strings (various available)**

Hand Made Nut and Saddle –

High quality custom-fitted replacements for off-the-shelf plastic parts, each nut or saddle is made individually to order and can offer an instant and very noticeable improvement in tone and sustain. Buy a pair and get a Setup and Basic service for half price.

	Nut	Saddle	Pair
Bone, buffalo horn or Corian (several colours available)	£35	£45	£70
Tusq (synthetic ivory)	£40	£50	£80

A. S. Potter Musical Instruments

Replacement Bridge pins –

High quality replacement for plastic bridge pins. Fitting includes reaming to ensure perfect fit and undercutting of string slots. Available in bone and ebony as well as chromed, antiqued and polished brass. Mother of pearl or abalone dots also available.

£25/set

Pinz® engraved brass pins available at Cost + £15 installation

In the case of very specific requirements Alex can also make hand-turned custom bridge pins in a range of materials and designs that cannot be bought 'off the shelf' please enquire if you would like more information or a quote.

Hand-Turned Custom End Pin and Strap Button –

Each set is made to order, either to your specifications or as Alex feels will best compliment your instrument. A large range of hardwoods is available including ebony, flamed maple, boxwood, purpleheart and many more and can be made with centre dots in mother of pearl, gold mother of pearl, abalone, ebony or brass.

Plain from £45/set With dots from £55/set

Installation of parts –

Replacements or upgrades for existing hardware such as tuning machines or installation of new hardware such as pickup systems available at cost + installation fee.

From £20
